

Cleaning Technologies Group, LLC Announces Manufacturing Operation for Parts Washers & Technical Center in Suzhou, China

Cleaning Technologies Group LLC has launched a sales, support and parts washers manufacturing operation in Suzhou, China. The Suzhou facility is now manufacturing both Ransohoff and Blackstone-NEY parts washers to be sold in the high growth Asian markets. The fully equipped technical center is capable of performing high level cleanliness analysis and process development.

([PRWEB](#)) June 5, 2009 -- Cleaning Technologies Group LLC (CTG LLC) has launched a sales, support and parts washers manufacturing operation in Suzhou, China. The Suzhou facility of CTG Asia utilizes both local and US staffing, allowing it to provide superb customer support and technical product knowledge in the ever important Asian markets.

The new facility in Suzhou houses a state of the art Technical Center, including a Clean Room with all instrumentation required for high level cleanliness analysis and Process Development and Verification. A variety of standard [parts washers](#) are available in the Technical Center for parts testing and customer demonstrations.

[Blackstone-NEY Ultrasonics](#) and [Ransohoff](#), both divisions of CTG, are currently manufacturing products at the Suzhou facility. Blackstone-NEY Ultrasonics is producing [precision ultrasonic cleaning systems](#) and passivation systems which are used in the semiconductor, medical, and electronics industries. Blackstone-NEY Ultrasonics also offers a full line of Megasonic products which are available to the Asian market. Ransohoff has several standard platform, small footprint, [Lean parts washers](#) in production, for sale in Asia. Ransohoff has solutions for the increasingly stringent cleanliness requirements set forth for Off-Road, Automotive, and Aircraft engine cleaning. In addition, Ransohoff offers a full line of oil removal and waste water treatment equipment to provide solutions for recycling and reuse of washer fluids.

Cleaning Technologies Group, LLC is a world leader in providing innovative cleaning and waste minimization technologies to precision and industrial manufacturing markets. CTG is comprised of Ransohoff located in Cincinnati, Ohio, and Blackstone-NEY Ultrasonics located in Jamestown, New York, and now CTG Asia located in Suzhou, China. The Group is the premier provider of high technology, environmentally friendly parts-cleaning and waste-minimization equipment and services to the global marketplace. CTG LLC is a wholly owned subsidiary of NM Group Global, LLC.

NM Group Global LLC is a holding company for a growing group of manufacturing firms with a global reach for sourcing and marketing. Founded in 2002 with the purchase of National Machinery LLC, the original holding company, and world leader in the development and manufacture of cold forming machines, process technology, and aftermarket services. National Machinery, founded in 1874, is headquartered in Tiffin, Ohio with service centers and sales offices throughout the world.

NM Group Global is distinguished by its ability to be acquisitive by having a private equity affiliate, Alpha Capital Partners Ltd. Alpha Capital, founded in 1984, is a private equity investment firm which provides equity financing for promising growth businesses and for buyouts or recapitalization of established companies. Currently Alpha Capital manages over \$135,000,000 through its capital partnerships and other equity accounts.
